
BLUME VIDAL

THE WINE FOR OUR GARDEN GODDESS

WRITTEN BY KARISSA RAMSEY

The word “Blume” is a German word meaning “flower”; which is quite fitting as the name of this sweet Vidal! The wine is named for our co-founder, matriarch, and garden goddess, Christa Ihrig, who spends much of her time (when not with her grandchildren) tending to Hessenland’s vast gardens and Schatz vines. The Hessenland award-winning gardens wouldn’t even come close to comparing to what they are today if it weren’t for Christa’s hard work and dedication to her plants all year round!

Our “Blume” Vidal is my, along with our event coordinator, Marie’s, personal favourite from our assortment of wine offerings, showing off flavours of fresh picked peaches on the nose, notes of apricot and citrus, and aromas of white lilies and apple blossoms. The wine is very easy to drink, with sweet and smooth flavours of tropical fruits and a clean citrusy finish.

"RUCKSACK" RIESLING

Vidal is a very versatile, workhorse grape. It is well versed in producing high quality, medium body, off dry white wines, such as our own “Blume” Vidal, as well as even late harvest and ice wines.

While we don't want to discourage other settings, we find our “Blume” Vidal to be great when enjoyed poolside, relaxing on a deck, or enjoying a garden setting. This wine also tends to pair quite well with lighter meals like salads and fish or lighter desserts but is also just as good enjoyed all on its own!
